Six steps to keep Queen Mary COVID-Secure

1. Practise social distancing and wear a face covering where advised.
2. Use our new one-way routes when moving around campus.
3. Wash your hands regularly for at least 20 seconds with hot water and soap, or use hand sanitiser.
4. When using communal spaces like study desks, wipe surfaces down before and after use.
5. Avoid sharing laptops, other electronics, food, drink or utensils with other people.
6. Where possible, keep doors and windows open to improve ventilation.
